

Excavator Operator-Steep Slope

Location: Kitimat, BC, Canada

Job ID: R6686

Job Status: Full-Time

Description

Job Summary:

We are seeking expressions of interest from experienced Steep Slope - Excavator Operators for our pipeline projects. The successful candidate will be responsible for operating in accordance with quality, safety and efficiency standards.

Essential Responsibilities:

- Effectively and safely operates excavators, utilizing machine specific controls and machine attachments to complete all necessary tasks related to pipeline construction. This includes operating on adverse terrain, in winter operations, and/or near other equipment and power lines.
- Operates in crowded, fast-paced working environments, and exercises extreme caution with awareness of potential situational hazards to ensure site safety.
- Interprets verbal and non-verbal communication (including hand signals) from operators, ground personnel and swamper, and acts accordingly.
- Performs mechanical inspections and servicing including controls and operations, completing logbooks, performs maintenance and adjustments, ensures good housekeeping, and performs machine lubrication.
- Performs effective operation of equipment by recognizing unusual machine movements and sounds.
- Recognizes existing and potential hazards and knows how to identify these through conducting a field level pre-job hazard analysis, checking the machine for hazards and assessing any tasks before start.

Qualifications:

- Minimum 3 years of experience operating excavators and other heavy equipment on a mainline pipeline job or similar experience
- Minimum 3 years of experience operating an Excavator on slopes greater the 21 degrees is required
- Minimum 3 years of experience operating an Excavator on slopes requiring winch assistance.
- Previous experience working on mainline pipeline project will be highly regarded.

- Previous experience working on steep slopes and mountainous terrain will be highly regarded
- Must successfully complete pre-access drug and alcohol testing.
- Must be willing and able to obtain valid PCST (Pipeline Construction Safety Training), First Aid Lvl C with CPR and Ground Disturbance Lvl 2 certificates. Training provided.
- Must possess a valid form of government issued photo identification.
- Must have demonstrated ability to work under minimal supervision.

Work Conditions:

- Camp based accommodation provided
- Rotational shift
