

# Culture and Heritage Resources Committee

## Community Travelling Exhibit Questionnaire

### Introduction

Your community is part of the Site C Culture and Heritage Resources Committee (CHRC) which advises BC Hydro on cultural heritage interests. The CHRC is working with an exhibit design firm (W3 Design Group) to create a travelling exhibit.

On October 1<sup>st</sup>, W3 met with members of the Culture and Heritage Resources Committee to learn more about the CHRC's wishes for the travelling exhibit project.

The Committee expressed how important it is for community members outside of the Committee to provide input on the travelling exhibit and suggested that a community questionnaire be developed to start this dialogue.

Community members are respectfully invited to share their thoughts on the questions below.

Culture and Heritage Resources Committee

### Background

The purpose of the exhibit is to:

- Display certain artifacts from the Site C archeological program, which has uncovered 100s of thousands of Indigenous artifacts
- Capture changes along the Peace River as a result of Site C and the impact on Indigenous communities
- Explore the world view of the Dane-zaa people which includes dreamers or prophets, like the “dream of dams coming” story.
- Share history, stories, objects and art from the communities

The exhibit will travel to each community represented in the CHRC beginning next fall. It may travel to other locations by request.

### Your Participation

We are asking for your help to create the travelling exhibit. Please provide feedback by completing the questionnaire or contacting your CHRC representative. **Completed Questionnaires will be entered into a draw for gift cards for Tim Hortons, KFC, Save On Foods and local gas stations. Thank you again for participating.**

### Questions

If this exhibit was in your community, would you come and see it?

Would you like to see artifacts from the Site C archeological program? What do those artifacts mean to you?

---

What would you like people to learn?

Are there any stories, artwork, objects or other things from your community that you think should be included in the exhibit?

If there was a place in the exhibit where you could share a story or comment about a special place that will be lost as a result of Site C, like a video recording booth or a place to write down your thoughts, would you? Which would you rather do?

Where could this exhibit be housed in your community? How big is the space? Any measurements and/or pictures that can be added to this sheet would be very helpful.

Do you want to learn more, contribute to the exhibit or get updates on the project? Please get in touch your community's CHRC representative **Michelle Macdonald** at 604-529-5934; email: [michelle.macdonald@bchydro.com](mailto:michelle.macdonald@bchydro.com) or relationship lead **Monica Rice** at 250-787-3812; email: [monica.rice@bchydro.com](mailto:monica.rice@bchydro.com).

**Completed Questionnaires will be entered into a draw for gift cards for Tim Hortons, KFC, Save On Foods and local gas stations. Thank you again for participating.**

---

**Please submit questionnaire by November 8, 2019.**
