

FIRE MITIGATION Worker Job Posting

About Us

Spectrum Resource Group is an integrated vegetation management solutions provider with expertise in vegetation management, forest management, and reforestation in forestry, oil and gas, utility, and community resource industries across Canada.

We are a privately held company that has been in business since 1986. Over our many years in operation, we have distinguished ourselves from our competitors by developing a highly-educated workforce of professionals who use their years of experience in the field to deliver an inter-disciplinary approach to vegetation management

Our Opportunity – Fuel Management/ Fire Mitigation worker

Spectrum is seeking **Fuel Management workers** for an upcoming contract in the Fort Saint James area. We are specifically looking for displaced forestry workers to apply for these positions.

Description and duties include:

- Working on public lands to reduce wildfire risks by decreasing the fuel load using chainsaws and fire mitigation techniques such as creating burn piles to dispose of brush in a controlled manner.
- Inform the public, as needed, about the intention of the project.
- Represent Spectrum in the community that we are working in.

What You Bring

- Safety conscious
- Demonstrate ability to both work independently and as part of a team
- Previous experience operating pick-up trucks safely on various road conditions will be considered an asset
- Previous experience and/ or certification in the use of chainsaws
- Ability to work in a fast paced, multi-tasked environment
- Background in Natural Resource Management or education in a related field is an asset
- Valid Class 5 Driver's License and clean Driver's Abstract
- Valid Level 1 First Aid Ticket and Transportation Endorsement
- Ability to pass a pre-employment drug test if hired for a safety sensitive position
- Saw experience or certification an asset

Spectrum offers a competitive salary, a co-operative work environment and the drive to nurture and grow our business.
