

Do You Want Save Money?

Do you want to save money?

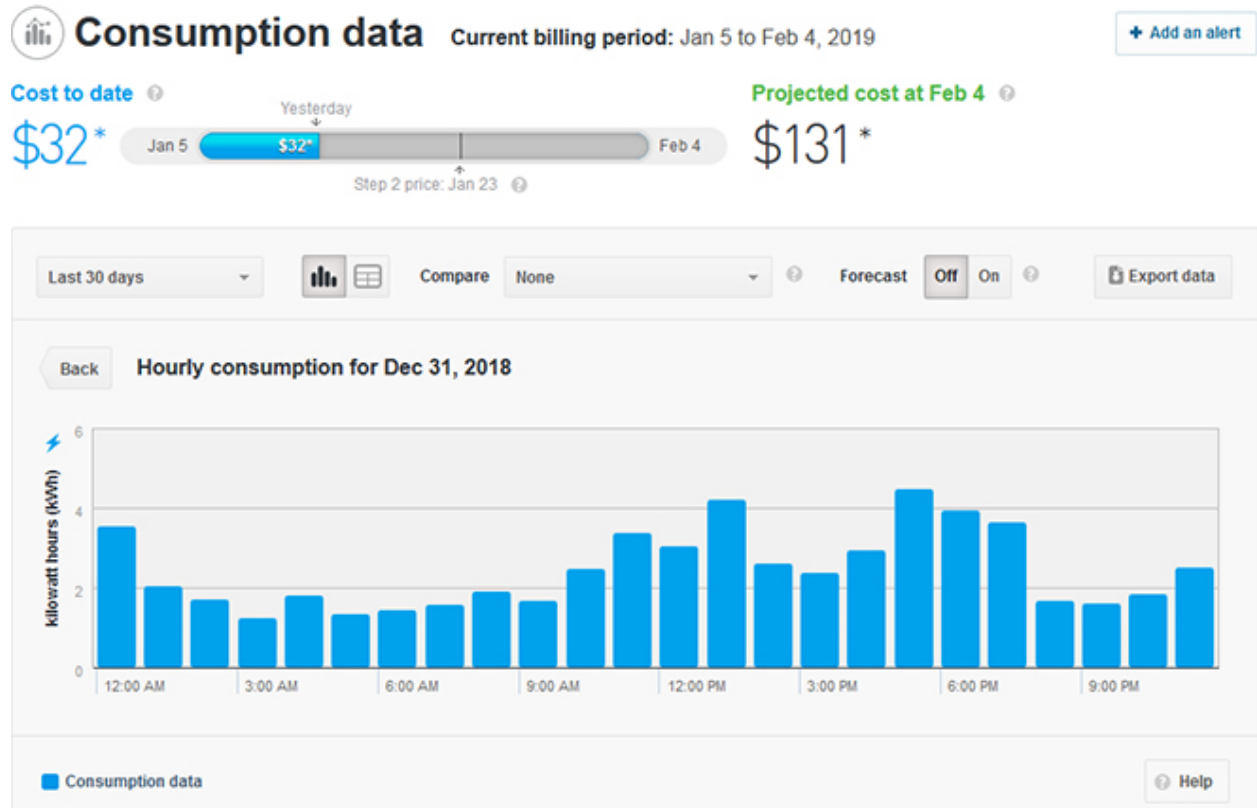

Do you want to see how much energy you use?

Tracking your electricity use online can help you find ways to save. Sign up for a free MyHydro account and log on to see how much power you use weekly, daily and hourly.

Here are a few things you can do:

- See how usage changes with temperature fluctuations
- Compare your average consumption with similar homes nearby
- Estimate if you'll cross over into step 2

Sign up and log in at bchydro.com/myhydro
