

Haul Truck Operator

Summary

Job Title: Haul Truck Operator

Location: Brule Mine

Language of Work: English

Start Date: When filled

Vacancies: Six (6)

Schedule / Terms of Employment: 12-hour shifts, (7 days on / 7 days off) 2x 30-minute breaks per shift

Primary Purpose

The Haul Truck Operator will be responsible for providing support to mine operations in an active open pit coal mine.

Company Information

Conuma is a leading Canadian producer and exporter of metallurgical coal for the global steel industry. Products from our three mine operations in Northeastern BC, Brule, Willow Creek and Wolverine, leave us well-positioned to serve customers in South America, Europe and Asia

Three time winner of the Edward Prior Mine Safety Award for the lowest injury frequency rate in British Columbia, Conuma continues to lead the industry with multi-million-dollar investments in the latest collision avoidance and fatigue monitoring safety technologies for the protection of our employees.

Conuma is much more than metallurgical coal. Conuma and its employees are embedded in our communities. The company's Pay It Forward program began in 2017 and since then has raised over \$425,000 in support of "Our Kids" at a Bolivian Orphanage and the Vancouver Children's Foundation. Locally, Conuma's employee winter hockey matches ensure much-needed donations to the Food Bank, while in the summer, our employees get together to assist the local high school teams as they prepare their go-karts for the Conuma Challenge.

Our local communities in Northeastern British Columbia are amongst some of the most beautiful surroundings in North America. At the Tumbler Ridge UNESCO Global Geopark, employees can enjoy almost limitless hiking amongst some of Canada's biggest waterfalls, ride through ATV and snowmobile trails, explore 97 million-year-old dinosaur footprints, ski cross-country trails, play ice-hockey, swim indoors and out, cycle, and enjoy the sense of community only a small town provides. An hour and a quarter away, Chetwynd is famous for its chainsaw wood carvings and offers a range of kayaking, snowmobiling and rock-climbing opportunities. Regarded as a wonderful place to raise a family, with affordable costs of living, Northeast British Columbia is the outdoor paradise our employees are proud to call home.

Haul Truck Operator

Responsibilities

- Operate Komatsu 1500's, Cat 785, Cat 789 and Cat 793 haul trucks to transport overburden, waste rock and coal from the mine
- Operate equipment in a safe and efficient manner, perform pre-trip checks and complete FLHA's on a regular basis
- Other duties as required

Education, Experience, and Qualifications

- First Aid/Mine Rescue Training is considered an asset
- Physically fit with the ability to perform physical labor
- Strong communication skills
- Willingness to learn

Work Location / Travel

- Employee bus transportation is provided from Tumbler Ridge/Chetwynd, BC.
- Please be aware that no camp facilities are available. Conuma Coal believes in supporting our local communities by promoting them as a place for our employees to call home, not just a workplace.

Wage and Benefits

Conuma Coal provides competitive wages and benefits. Benefits include paid vacation, RRSP matching and extended healthcare.

Conuma Coal Resources is an equal opportunity employer.
