

JOB DESCRIPTION

POSITION TITLE:	Road Safety Monitor (Ride Along)	LOCATION: CGL Project
DEPARTMENT:	Forestry Operations	JOB GRADE:
REPORTS TO:	Road Safety Monitor	REV.
INCUMBENT:	Various Effected FN Communities	REV. DATE:

POSITION SUMMARY

The intention of the Road Safety Monitor (Ride Along) position is to provide additional opportunities to more of the FN community members along the Coastal Gas Links project by providing them working exposure to the project. This working exposure will help to inform FN community members of the benefits and employment opportunities that are being offered within their communities. The goal is to promote positive participation and involve as many interested FN community members as possible along the CGL Project. This position will also work as a screening process for other potential CGL FN community employment commitments.
