

Steep Slope Excavator Operator- Pipeline

Location: Kitimat, BC, Canada

Job ID: R7019

Job Status: Full-Time

Description

Job Summary:

We have several openings for experienced Steep Slope - Excavator Operators for our pipeline projects. The successful candidate will be responsible for operating in accordance with quality, safety and efficiency standards.

Employer: Ledcor Group

Business Address: Suite 1200-1067 Cordova Street W, Vancouver, BC V6C 1C7

Title/NOC: Steep Slope Excavator Operator (NOC 7521)

Term: 2 years

Number of Positions: 50

Language of Work: English

Wage: \$45.78/hour

Benefits Package: Benefits provided by CLAC

Location of work: Valemount and Kitimat, BC (various remote locations)

Contact: Pipeline.hiring@ledcor.com

Essential Responsibilities:

- Effectively and safely operates excavators, utilizing machine specific controls and machine attachments to complete all necessary tasks related to pipeline construction. This includes operating on adverse terrain, in winter operations, and/or near other equipment and power lines.
- Operates in crowded, fast-paced working environments, and exercises extreme caution with awareness of potential situational hazards to ensure site safety.
- Interprets verbal and non-verbal communication (including hand signals) from operators, ground personnel and swamper, and acts accordingly.
- Performs mechanical inspections and servicing including controls and operations, completing logbooks, performs maintenance and adjustments, ensures good housekeeping, and performs machine lubrication.
- Performs effective operation of equipment by recognizing unusual machine movements and sounds.
- Recognizes existing and potential hazards and knows how to identify these through conducting a field level pre-job hazard analysis, checking the machine for hazards and assessing any tasks before start.

Qualifications:

- Completion of a one- to two-year apprenticeship program or some high school, college or industry courses in heavy equipment operating combined with on-the-job training.
- Minimum 3 years of experience operating excavators and other heavy equipment on a mainline pipeline job or similar experience.
- Minimum 3 years of experience operating an Excavator on slopes greater than 21 degrees is required.
- Minimum 3 years of experience operating an Excavator on slopes requiring winch assistance.
- Previous experience working on mainline pipeline project preferred.
- Previous excavator operating experience performing tasks such as building access roads, stripping, shading, grading, trenching, bore support, creek crossings, backfill and/or cleanup required.
- Previous experience working on steep slopes and mountainous terrain is required.
- Must successfully complete pre-access drug and alcohol testing.
- Must be willing and able to obtain valid First Aid, PCST (Pipeline Construction Safety Training) and Ground Disturbance Lvl 2 certificates. Training provided.
- Must have demonstrated ability to work under minimal supervision.
