Bursaries, Scholarships, and Awards

Building strong relationships with Indigenous communities is an important part of our business. We strive to help our Indigenous Retail Marketers and the communities we have agreements with in their efforts to support the building of healthy, successful and growing communities. An important part of Indigenous relationships is to focus on supporting social wellbeing in Indigenous communities through collaborative, proactive and long-term initiatives.

We are excited to offer the **Petro-Canada Award for Indigenous Students**. The award will assist students in Indigenous communities that have Petro-Canada relationships with the cost of a full-time post-secondary program or attending high school within Canada.
