MLIB Land Management has been tasked with updating our Land Use Plan (LUP). The last time this was done, was in 2004. *We need your input on how you want to see our MLIB lands developed and/or protected.*

Your valuable input is greatly appreciated.

As of Nov. 15th, 2019, we have had 47 people respond with 31 surveys completed in full and 16 partially complete. MLIB has 579 Band members with 413 that are the age of majority (18+). Therefore, only 7.51-11.38% of members have had full or partial input into our LUP Update. Please share with family and friends! **If we reach the 75% fully-completed rate, the draws will take place during the MLIB Christmas Quarterly 2019 meetings!**
