Subject: Training in PG.

We are looking for individuals in and around the Prince George area that are interested in getting into industrial safety work.

If you are currently looking for additional income, are retired and / or want the flexibility of working on project-based jobs, we would like to invite you to a 2-day information and training session in Prince George on March 27 & 28.

Irwin's Safety will be hosting a free Confined Space Entry & Monitor and Spark Watch training and information session. This training will make you eligible to work on a variety of Internal Irwin's projects that are coming up in the area.

If you are interested in registering, please contact Irwin's Resources department at (778) 753-6540 (weekdays between 8:30am and 4:30pm) or send an email to resources@irwinsafety.com stating that you are interested in the training and information session in PG.

Hurry, spots are limited and the deadline to register is March 18, 2019.
