2021 January 6

Danach'ea, MLIB Membership

BC Hydro has set up a Culture and Heritage Resources Committee (CHRC) to work with participating First Nations (FN) in the area of the Site C dam; this committee works toward enhancement of FN culture and heritage resources. McLeod Lake Indian Band (MLIB) has been participating in this committee since it started.

BC Hydro CHRC has allocated \$30,000 for participating First Nations, including MLIB, to use for commemoration and cultural activities to offset adverse effects of the Site C dam. The project must be completed, and the funding used up, by 2024. The project cannot be a capital project (buildings, etc.) and should include as many of our membership as possible (if the project is some type of gathering).

I would like you to send me your ideas and suggestions so that we can move forward with this project. All ideas are welcomed; we have enough time to work out the bugs of just about any project we think of.

My work number is 250 788-7708 and my cell number is 250 401-1565; please call me on either. My email is bchliaison@milib.ca. If you email me, please include all of your contact information so I can contact you at a later date if I need to.

Thank you all for your time and consideration.

Mussi mussi (Many thanks),

A handwritten signature in blue ink, appearing to read "Arlene Solonas".

Arlene Solonas
