

Parcel Fabric Renewal Project

Please note that surveyors from Polaris and Koehler Land Surveying Inc. will be conducting ground truthing of stakes and pins in our community over the next coming weeks (October 24th-December 14th, 2018).

Currently the older surveys have lot lines running through houses and improvements. This will bring our survey up-to-date with what is on the ground. After that we can update our addresses with Civic Address BC, for emergency services and start registering instruments with our parcels.

For question, please contact Tania Solonas, Land Management Officer at (250) 750-6860 or via e-mail at tsolonas@mliib.ca.
