

MLIB Youth Department

Updated Health Policy

May 25, 2020

Due to Covid-19 we have updated our health policy to include new measures for stopping the potential spread of contagious viruses. If your child starts showing any cold or flu like symptoms, we ask that you let the youth department know and keep your child at home until they are feeling better. Some symptoms to watch for are

- Cough/sore throat
- Fever
- shortness of breath
- difficulty smelling
- headache
- fatigue or vomiting

If your child comes to youth and is displaying any of these symptoms they will be sent home immediately. To help keep our community safe we ask that nothing aside from your child's necessities are brought into the band hall. All children attending youth must enter the gymnasium from the back door to keep traffic in the band hall to a minimum. Upon entering the gymnasium your child will be asked to sanitize their hands at a station next to the door. If you or anyone in your household has been tested for covid-19 please contact the youth department and keep your child at home until you have received confirmed negative results. Thank you for all your patience and understanding during this difficult time.
