

Cultural Installation at BC Hydro – Site C Boat Launch

Invitation for First Nation Youth Collaboration

About the Project: BC Hydro is seeking to collaborate with First Nations on a cultural installation at the Site C Lynx Creek boat launch to acknowledge and commemorate the cultural significance of the area.

Opportunity: We are inviting one youth from each of the six local First Nations to form a collaboration group to create designs for the cultural installation.

What's involved: Youth will work together with BC Hydro and WSP – a engineering and professional services firm to:

- Participate in three workshop sessions (1 in-person and 2 virtual) to create three concepts for a gathering structure/ space that builds on the three main themes (Dane-zaa Stick House, Indigenous Lean-to and Boat or River) shared by First Nations during project engagement in September – October 2024.

Timeline: February 14 – March 14, 2025 (1 month)

Compensation: Workshop honorarium (\$250 in person / \$150 virtual). Mileage at BC Hydro rates will also be covered for those attending the in person workshop.

Eligibility: Youth pursuing or interested in a career in art, design, architecture or engineering or related discipline.

Submit name and contact information of the youth participant by February 10, 2025 to Margaret McDonald at bchliaison@mliib.ca.
