

## COASTAL GASLINK PROJECT

SMJV is currently preparing for the upcoming Coastal GasLink Project to complete the WP2 Final Clean-up Scope of Work in Section 3 which is located near McLeod Lake, British Columbia. SMJV will be completing approximately 25km of machine and final clean-up for the Coastal GasLink Project. All mainline construction for this project has been completed.

SMJV is preparing to ramp up in June 2024 when we begin final clean-up activities. The project will peak briefly at approximately 380 personnel in mid-June with the tentative project completion date planned for September 2024.

### Employment Opportunities

Civil Heavy Equipment Operators | Truck Drivers | Labourers | Crew Bus Drivers

How to submit applications:

- Via your Community Employment Coordinator
- Email your resume to [IndigenousLocalEngagement@surerus-murphy.com](mailto:IndigenousLocalEngagement@surerus-murphy.com)
- Apply online at <https://www.surerus-murphy.com/careers/>

We kindly request that applications are submitted by May 16<sup>th</sup> 2024, as we are currently preparing to ramp up onsite. We will accept resumes, as always, after May 16<sup>th</sup> 2024, however opportunities after this date will be limited.

### Pre-access requirements are:

- Pipeline Construction Safety Training
- Operators & Supervisors require Ground Disturbance Level 2
- WHMIS 2015
- Depending on the position, other training may be required (e.g. – First Aid).
- Drug and Alcohol Test

Site specific online training and on-site orientations are provided by SMJV

Preference is given to local candidates and those from the surrounding Indigenous Communities. Please highlight on your application if either of these apply. If you are applying online with the SMJV Careers website, you will need to provide your Indigenous community on the website, if applicable. Employment will be temporary and seasonal depending on the scope of work of the crew you are hired on.
